

## The Local Governing Body at Hellesdon High School

The Governors are responsible for policy and strategy, while the Heads of School are responsible for its day-to-day running, and ensuring implementation of the policy and strategy agreed by the governors. The Local Governing Body has a large number of legal responsibilities, amongst which are ensuring that the National Curriculum is properly delivered, arranging for religious education to be carried out, deciding how to spend the delegated budget, and approving the many different school policies, such as those referring to discipline and behaviour and health and safety.

In this section of the website you can find out who the governors of our school are. If you would like to contact the governors, please do so by phoning or emailing the school (see this website's 'contact us' page).
